Source For Sports Play SMART Jamboree

Dear Athletes, Parents

The Play SMART Jamboree is one of Hockey Alberta's premiere "Learn to Play" programs for young hockey players. The purpose of the Play SMART Jamboree is to provide Minor Hockey Associations with a fun day, designed to encourage fair play between parents, coaches, officials, and administrators.

Novice aged athletes participate in the Hockey Canada Skills program during the Jamboree, focusing on skill development as well as fun and games. Players will participate in on-ice and off-ice activities helping develop the basic fundamentals required to play the game of hockey. The Play SMART Jamboree promotes the fun in sport and encourages fair play, not winning. Each athlete will receive a Play SMART jersey, toque, and skate towel and each parent will receive a parent information package.

The Jamboree also attempts to inform parents of the different aspects of hockey, understand the "big picture", and hopefully becoming better hockey parents. They will gain insight into Officiating, Coaching, Administration, and Equipment. At least one parent must attend for each child that is enrolled in the Play SMART Jamboree.

The one-day event consisting of on-ice, off-ice, and classroom sessions is open to all players in the surrounding area. If you would like more information regarding the event or would like to register for one, contact your host representative or the Hockey Alberta office.

Sincerely,

A handwritten signature in black ink that reads "Drew Dixon".
